

### FFATA Reporting Decision Tree

**Notes**  
 Refer to Reporting Guidelines for complete list of exclusions and specific requirements.

<sup>1</sup>Subawards made to individuals, under classified agreements, or to an entity with an adjusted gross income of ≤\$300,000 are not subject to FFATA reporting.

<sup>2</sup>If the initial award is below the \$ threshold but subsequent modifications result in a total award above the threshold, the award is reportable as of the date that it exceeds the threshold.
