

United States (US) Export Controls Classification Certification

Background:

The University of Hawai'i (UH) is requesting that you, the vendor/manufacturer of the product(s) being procured, supply the classification pertaining to the appropriate export regulations ([EAR/ITAR](#)) for each product on your quote or invoice. Because UH may export your product or disclose technical data about your product to a foreign national, which is known as a "deemed export," your assistance in furnishing an accurate ITAR Category or EAR ECCN classification will ensure that our university is compliant with EAR/ITAR regulations. If your organization is outside of the US and you do not use US export classifications, you may use the international [Wassenaar Arrangement's](#) Control List for identifying the classification.

Please contact UH's Export Control Office at uhoec@hawaii.edu or (808) 956-2495 if you have any questions. You may also visit the office's website at <https://www.research.hawaii.edu/orc/export-controls/> for additional reference.

Instructions:

- (1) Please complete the form below for all products that are being procured under the same requisition. You may attach an excel spreadsheet if there are numerous items.
- (2) This form is to be completed and returned to the UH department making the purchase, together with any supporting information (e.g. Commodity Jurisdictions, if applicable).

Model Number:	Description:	Regulation (ITAR or EAR):	ITAR Category or EAR ECCN:	(ITAR only) Commodity Jurisdiction?

NOTE: "N/A," "None" or anything other than a 5-digit alphanumeric ECCN code for EAR, or roman numeral (I through XXI) for ITAR is not an acceptable classification. If your item is not enumerated on either the US Munitions List (USML) or Commerce Control List (CCL), it is still controlled under the EAR and is classified with an ECCN of EAR99.

Will any of the funds your organization receives from the UH for the purchase of the product(s) be paid to a company or individual affiliated with a country listed on the U.S. Office of Foreign Assets Control ("OFAC") [list of sanctioned countries](#) (including, but may not be limited to, Syria, Iran, Cuba, and North Korea) for which export is restricted or otherwise prohibited?

If Yes, please identify the country(ies):

Company Name:

Street Address:

City, State, Zip Code:

Country:

Website Address:
